Professional Summary

Software Tester with 8+ years of experience in manual and automation testing across fintech, healthcare, and enterprise applications. B.E. in Software Engineering with strong expertise in Playwright (TypeScript/JavaScript), Selenium (Java/JavaScript), API testing with Postman, CI/CD integration, AI tools and Agile/Scrum environments. Proven in functional, regression, and performance testing to ensure system quality, scalability, security, and production stability. Permanent Resident of Canada and actively available in the job market.

Core Skills

• Manual & Automation Testing (Web, API, Backend)
• Playwright (TypeScript/JavaScript), Selenium
• API Testing: Postman, REST, SOAP
• Test Management: Azure DevOps Test Plans, JIRA
• CI/CD: Jenkins, Git
• Databases: MS SQL Server, MySQL, PostgresSQL, MongoDB
• Performance Testing: JMeter
• Agile/Scrum, UAT Facilitation

Professional Experience

Omega-X Development and Learning Fulcrum Pvt. Ltd. – Director / Software Test Engineer

March 2025 – Present

• Leading QA strategy and implementation for InstaFood Order Application (Web & Mobile). • Designed and executed manual and automated test suites using Playwright with TypeScript.
• Performed API testing using Postman for order management, payment, and user authentication services.
• Created test plans, test cases, and traceability matrices using Azure DevOps Test Plans.

• Used Azure App testing tools and Claude for creating automated testscripts.
• Integrated automated regression tests into CI/CD pipelines using Jenkins and Git.

Provincial Health Services Authority (PHSA) – QA Tester

July 2023 – Feb 2025

• Tested healthcare web applications including PROMIS platform.
• Executed functional, regression, and exploratory testing.

• Created test plans, test cases, and traceability matrices using Azure DevOps Test Plans.
• Logged and tracked defects using JIRA and collaborated with cross-functional teams.

• Collaborated with developers and product owners to clarify requirements and ensure testability.

• Conducted functional, regression, exploratory, and UAT testing in Agile sprint cycles.
• Participated in sprint planning, reviews, and UAT sessions.

HDFC Securities – Assistant Manager (QA)

Aug 2020 – Feb 2023

• Led testing for fintech mobile and web applications including IPO, Payment Gateway, EDIS, and Chatbot modules.
• Conducted API testing, regression testing, and post-release validation.
• Ensured compliance with security and performance standards.
• Validated system performance, security, and scalability under peak traffic conditions.

• Integrated automated regression tests into CI/CD pipelines using Jenkins and Git.

Technical Skills

Languages: **TypeScript, JavaScript, C#, Java**
Tools: **Playwright, Selenium, Postman, JMeter, JIRA**
CI/CD: **Jenkins, Git, Azure DevOps**
Databases: **MS SQL, MySQL**
Cloud: **AWS (EC2, RDS, Device Farm), Azure**

Education & Certifications:

Qualification	College Name	University/Board	Year	Percentage
B.E IT	St Francis Institute Of Technology	University of Mumbai	2015	70%
Diploma in Computer Engineering	Pravin Patil Polytechnic	MSBTE	2011	78.76%
SSC	St Joseph School	Maharashtra state board	2008	69.38%

- **ISTQB Certification**
- **Professional Software Test Specialist (PSTS)** Certification through Squad InfoTech Pvt. Ltd.
- **MS-CIT Certification.**
- **Program Assisted Computer-data Entry Foundation Course** through Mazzarello Computer Institute.
